Session Two

Why the Church Should Support Movement

“Beyond Belief”
Why Move Beyond Belief?

Forces in today’s society are ushering individual people beyond the stage where literal, separate beliefs are possible.
Why Move Beyond Belief?

Think of spiritual development as movement beyond *(specific)* beliefs *(which, considered individually, are divisive)* toward faith *(more unitive, more inclusive)*
Spiritual Development Theory

Spiritual growth:
an ever-broadening worldview

Lawless – MYSELF - Egocentric

Faithful – MY GROUP - Ethnocentric

Rational – EVERYDAY REALITY - Worldcentric

Mystic – SEEN AND UNSEEN REALITY
Universal, all-inclusive, unitive.
Why Move Beyond Belief?

Faith Development, or Spiritual Development Theory addresses the movement of individual people toward an increasingly broader worldview.
Why Move Beyond Belief?

Faith Development, or Spiritual Development Theory addresses the movement of individual people toward increasingly larger circles of concern.

But our culture as a whole is also changing.
